

Future Manager Business School

Global Training
for Future
Challenges

Training 2023

Future Manager Business School is the training division of the **Future Manager** group, a HR Global Advisory Company present in 40 Countries worldwide

We provide high practical training courses, aimed to acquire practical skills and strategies to improve personal, professional abilities as well as the corporate results

Teaching Method

Future Manager Business School

has the goal to provide a flexible and innovative training, suitable to the needs of each individual.

TRAINING ON THE JOB

Our programs include practical exercises, real case management and roleplay

TEACHERS

FMBS selected teachers are business extraction professionals

CERTIFICATE OF ATTENDANCE

At the end of every Master Class, FMBS issues a certificate of attendance

PRACTICAL SKILLS

Gaining practical competences and skills ready to use in any business context

Our Training

Future Manager Business School

Is organized to study and propose diverse educational offerings, maintaining fixed and inviolable principles.

VALUE FOR MONEY

For guaranteeing a high quality training access, always monitored by benchmark evaluations

ACTION LEARNING

Teaching focused on action learning, with the aim of making the student immediately operational

FLEXIBILITY

Both in terms of duration and content, as well as delivery regarding customized paths.

STRUCTURED TEACHING

For guaranteeing to any company or professional, all the necessary technical skills to improve the business performance

Educational Offer

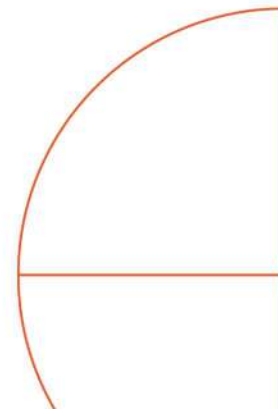

We offer high-level educational courses at national and international level, both for the B2B and the B2C market. Mixed classes with limited participants number and customized paths, which allow a better focus on each specific need.

ADVISORY TRAINING

We are capable to support companies thanks to a customized training, with specific didactical programs. We designed these paths specifically to meet different needs, in case of restructuring production processes and/or solving particular issues.

Our teachers and consultants can support the company step by step with the direct re-planning of activities and constant and periodic monitoring

The innovative spirit that distinguishes the Future Manager Group, guarantees an educational offer in line with the market needs, by always being in line with the best international trends.
